

**MFC0048C Christmas Cheer 2020**

This is a short trip in around the core area of Misty's Place and Ketchikan as we wish all our neighbors some December 2020 Christmas Cheer. It's always a very scenic and enjoyable trip around Misty's Place and nice to drop in for a visit with some of our neighbors.

Aircraft: These are puddle jumper flight legs with one stop in each leg (more if you want to drop in to see all the neighbors), but in any event you'll need an amphibian craft. Although it might be a tad chilly at this time of year we're still hitting the water. (Good thing it doesn't freeze solid in these parts during winter!).

The best RTMM aircraft for this is the Beaver Amphibian (DHC2) (or a single engine equivalent like the C185, DHC3 etc. but it has to be an amphibian. Similarly for the helicopter pilots, you require a float version on all four of these legs. (A good thing the waters in this area never freeze up!).

This scenic excursion has four short fun legs containing a few stops along the way!

**Tour Flight Leg Rating Conditions: "6Ax":**

**6=Max landing rate is -600fpm,**

**A=Autopilot and/or GPS use permitted.**

**1-# of Stop-overs in the flight leg\*. (One)**

The Tour download for this excursion is available in the Tour downloads section which contains the all the tour details, stop-over locations, prepared Flight plans plus the award for completion so make sure you obtain the tour download for all of the tour/leg specifics and Happy Holidays, Season's Greetings, Merry Christmas to all.

**MISTY FLYING CLUB – MFC0048C CHRISTMAS CHEER 2020: TOUR CONDITIONS**

**Conditions/Restrictions to successfully complete this VA Exploration:**

There is only the one restriction that applies while flying the flight legs of this tour. All landings, including stop-overs, must not exceed a landing rate of greater than -600fpm.

This level of flying if performed under VFR\* rules and regulations brings some realism especially if you use no automatic piloting features. These flight legs indeed become more of a challenge for all of us for hands on flying. Standard .pln FP files are provided so you can fly the route as per the flight plan prepared which include all the airport locations as well as all the waypoints.

MISTY FLYING CLUB – MFC0048C CHRISTMAS CHEER 2020: FLIGHT LEG DETAILS

Leg: #	Departure Airport Name/ ICAO  (* Denotes water Moorings)	Stop-over Locations/ ICAO  (* Denotes water Moorings)  All stop-over landing rates, where applicable, are accepted up to a max of -600fpm.	Destination Airport Name/ICAO  (* Denotes water Moorings)	Airline ID	Flight # (*):  * All destination landing rates are accepted up to a max of -600fpm  Autopilot NOT recommended  ----- (* For Tour Leg use the Tour Center generated Flight legs#. If flying the single legs use flight # as listed below in KACars:	Aircraft (REG)  N001MM	Distance  (Nautical Miles)	Min Alt (VFR)  (Feet)
1	Misty's Place (PF20)	Cliff Launch Hang'em'High (CLIF)	Triangle Lake Hydro(PP12)*	MFC	X00009-6A1	DHC2	63.1	3500
2	Triangle Lake Hydro(PP12)*	Gokachin Lake Cabin (GOKA) *	Ketchikan Intl (PAKT)	MFC	X00010-6A1	DHC2	58.4	4500
3	Ketchikan Intl (PAKT)	Kasaan SPB (KXA) *	Hollis SPB (HYL)*	MFC	X00011-6A1	DHC2	66.8	4500
4	Hollis SPB (HYL)*	Dora Bay Log Transfer (DBLT)*	Misty's Place (PF20)	MFC	X00012-6A1	DHC2	51	3500
Total Miles: 239.3 nm
