

MFS0008 RTMM TF Docks A-B (TF01-OOH)

TF Docks:

This excursion is intended to be a low level and scenic flight. You'll need your hands on the stick to be able to visit all of the TF docks and other points of interest.

Aircraft:

Amphibian aircraft or Helo is required as there is a mix of land and water stops.

SIM:

FSX, P3D, MSFS

Time/Weather:

Dawn or Dusk are the nicest times to fly and can yield very pretty and interesting lighting effects). If possible try live time and live weather. If not possible set your own weather and time parameters and enjoy the scenery.

Add-on Scenery:

Refer to the Add on Scenery folder in the tour download.

Tour download for this MFS0008 excursion is available from the download section and contains documentation, flight plans (.pln) for FSX/P3D/MSFS, LNM as well as static sky-vector maps links for each leg for those seeking a navigational challenge in negotiating the route by way of dead reckoning and marking position/landmarks.
