Other Mods We Recommend for RTMM (Not Mandatory by any means) just to name a few:

Freeware:

MSFS Add-on Linker - Freeware - Flightsim.to [LINK](#) (organize your mods easily and safely)

Petersburg James A Johnson PAPG - Freeware - Flightsim.to [LINK](#)
(An excellent rendition of PAPG by "quelcertoleo".

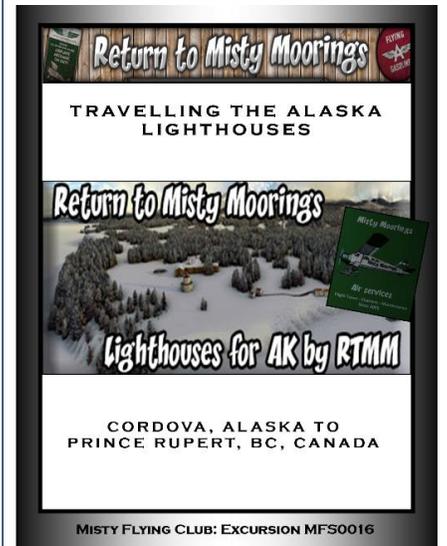

Sitka Alaska PASI/Area - Freeware - Flightsim.to [LINK](#)
(Enhances the Sitka AK area, marinas, etc. - by "quelcertoleo")
([Flightsim.to](https://flightsim.to) is a very popular site and the main source of MSFS add-ons).

Payware:

There is lots of payware for MSFS on the various sites and in the market place.

ORBx Alaska Mesh is a nice addition – (\$13.00 AUD/9.35 US) see Orbx Direct [LINK](#)

Northern Sky Studio - Ketchikan International (PAKT) Payware (\$16 US) - [Simmarket Link](#)
(A good rendition of PAKT with sloped runways)
